Circular References in the Links & Server Failure, off & on for 2 years.. That continued through all options on the new software After an hour of screwing around with it, I went to Amazon & found the 2 year Update for \$10 more than the Advertised Price, \$90.. Shop with confidence Ibenzer laptop sleeve was very soft and it was the perfect size for a laptop that is 13 inches or smaller.. I hope this Map Update by way of Amazon gets me through the short term Magellan Roadmate 1200 MapsIf it doesn't, I'll return it to Amazon & buy a different GPS which doesn't offer ANYTHING FREE.. Well, I recieved the Map Update card. 01 After installing it I was sure my problems were solved When I tried to access my existing account I got "Don't recognise the e-mail address or Password".. This one fits the 13' unibody MacBook Pro pretty well, though not like a glove as it has been designed to fit a variety of 13' laptops (Elecom's 15' sleeve designed for MacBook Pros truly fits like a glove).. They are best known for their modern design, especially with their mice I've had 3 of these Elecom Zeroshock III sleeve and they've all been great for my various Mac laptops.. Unfortunately, this is my 2nd failed relationship with a GPS which had ancient maps & a promised Map Updates.. 3 inches laptop and tablets ELECOM Co , Ltd Is a Japanese electronics company, headquartered in Osaka, Japan.. After the 1st Map Download from Navigon I was NEVER able to download new maps through Fresh Maps.. I had used the Update my Software option on the previous Fresh Maps software & was assured I had the current version, 1.. I actually got it to use for the iPad and it was a perfect fit Now I'm waiting for Snail Mail to deliver what I should have been able to download from their site for \$10 more plus shipping costs.. I thought they were a Canadian company I've forgotten how I got there but, from your site I used a link with KARTEN in it to locate a Navigon site with new Fresh Maps software.. I bought the Navigon 2120 MAX after I gave up on the Magellan because of the Traffic Alert (no subscription cost) & the PROMISE of quarterly Map Updates.. 49 I downloaded & installed the version found on the KARTEN Site & found the current version was 3.
